Participation in the world's leading beauty packaging tradeshow

Roctool (Euronext Growth – FR0010523167 – ALROC), specialist in mold heating and cooling technologies for plastics and composites, announce its participation at [LUXEPACK](#), the world's leading luxury packaging tradeshow to be held in Monaco, from the 27th until the 29th September 2021 at the Grimaldi Forum.

As experts in innovative, eco-friendly packaging, Roctool was able to integrate these criteria into its solutions early on, in order to better meet the expectations of customers and consumers. Roctool will be present at the VA27 corner, in order to present its offer and meet numerous customers and prospects. Mathieu Boulanger, CEO of the group, will also speak at the conference "How to be premium with recyclable and recycled materials". He will explain how recycled, recyclable and bio-based resins can, thanks to Roctool innovations, achieve a premium quality and give packaging an unequalled surface finish.

About Roctool: www.roctool.com

Founded in 2000, Roctool is a technology and manufacturing solutions provider offering engineering services and systems. The Roctool induction process, perfectly adapted to plastic injection and compression molding, is available in many configurations to meet industrial requirements. Roctool's research and development team is constantly adapting its technologies to new materials, particularly metals. Number 1 in heating and cooling technologies, Roctool now offers HDPlastics™ to plastic molders, Light Induction Tooling - LIT™ to composite parts suppliers and Induction Dual Heating - IDH™ for complete molding solutions. Roctool are used in production by leading brands in innovative sectors such as beauty, automotive, aerospace, consumer products and electronics. They offer many advantages, including reduced cycle times, excellent surface quality, weight and performance savings, which allows manufacturers to reduce the overall cost of the parts produced. Roctool is listed on the Euronext Growth market in Paris. Its headquarters and R&D center are located at Le Bourget du Lac (France). Roctool also has offices and platforms in North America, Japan, Taiwan, Germany and China.
